Please note any changes on the notices on the notice board!

Every exam participant is obliged to consult the university's public notices and to inform themselves about the exam dates.

Changes to the examination dates are possible at any time, even up to shortly before the examination, insofar as this is necessities require it.

In exceptional cases, examinations may be brought forward until the start of the examination period.

Additional information for the Sustainable Development exam: ...everyone needs to participate in the oral examination and in the written examination! Those students, that enrolled for Sustainable Development I this semester and have already passed the oral examination in February do only need to participate in the written examination. From next semester onward, we will switch back to the SPO and there will be only 1 written examination over 90 min
